Heavy Equipment Operator Training

We are holding a second Equipment Operator training session designed specifically for displaced and unemployed workers. The session will run from August 3rd to August 28th, so that training can be completed before the work season is over. This will be the last training session of 2009.

The session will provide the minimum training required to become employable and will include a 40 hour HazMat, MSHA, OSHA, Forklift Certification, and two weeks of hands on equipment training. The equipment training will be done on a combination of dozer, scraper, backhoe, loader, blade/grader, dump truck and/or water truck. The fee for this session is \$7500.

We will also offer Commercial Drivers License training the week of July 20th. The fee for this course is \$1200. This does not include the \$50.00 license fee to the DMV, the DOT physical (approx. \$75.00), or the HazMat endorsement background check fee \$90.00.

All training is done in Helena, Monday thru Friday from 8 am to 5 pm.

Please contact me if you have any questions.

Thank you

Lisa Towner
Coordinator
